Project Design Phase – Part 2

From this milestone you will be continue working on the project design phase. You are expected to cover the activities given.

Third-Party API's

- In this Activity, you are expected to mention the Third party API's used in your project.
- The APIs we've covered so far are built into the browser, but not all APIs are. Many large websites and services such as Google Maps, Twitter, Facebook, PayPal, etc. provide APIs allowing developers to make use of their data (e.g. displaying your twitter stream on your blog) or services (e.g. using Facebook login to log in your users). This article looks at the difference between browser APIs and 3rd party APIs
