PROJECT TITLE : CREATION OF AN APPLICATION FOR
. SCHOOL MANAGEMENT

Project Design Phase – Part 2

From this milestone you will be continue working on the project design phase. You are expected to cover the activities given.

Open Source Frameworks

- In this activity, You are expected to add any open source framework to the project.
- Frameworks play a critical role in an organization's software development. In the 2023 State of Open Source Report, we devoted an entire section to open source frameworks — and to get an accurate snapshot of the top open source frameworks, we expanded the category this year to include frameworks for more programming languages. It's also worth noting that it's common for organizations to use more than one open source framework.
-
- In this blog, I will share what we learned about OSS frameworks from this year's survey respondents. For details about other technology categories, I encourage you to download the full
